

ESCAPE TO EMMAUS

Woodcarving Nature Scenery

Woodcarving has long been a recreational hobby that benefits the mind, body, and spirit. Come and immerse yourself amongst the peaceful scenery of Camp Emmaus as you learn how to carve objects that are found amongst God's creation. Participants will learn how to carve a whimsical mushroom and tree. Such carvings could be used for gifts, home décor or as ornaments for the holiday season. Once you've learned the basic cuts and how to shape the wood, there's no limit to your creativity! (For this EtE day, under 18 must be accompanied by an adult.)

Date: **March 2, 2024**
 10a-3p
